My nana's story

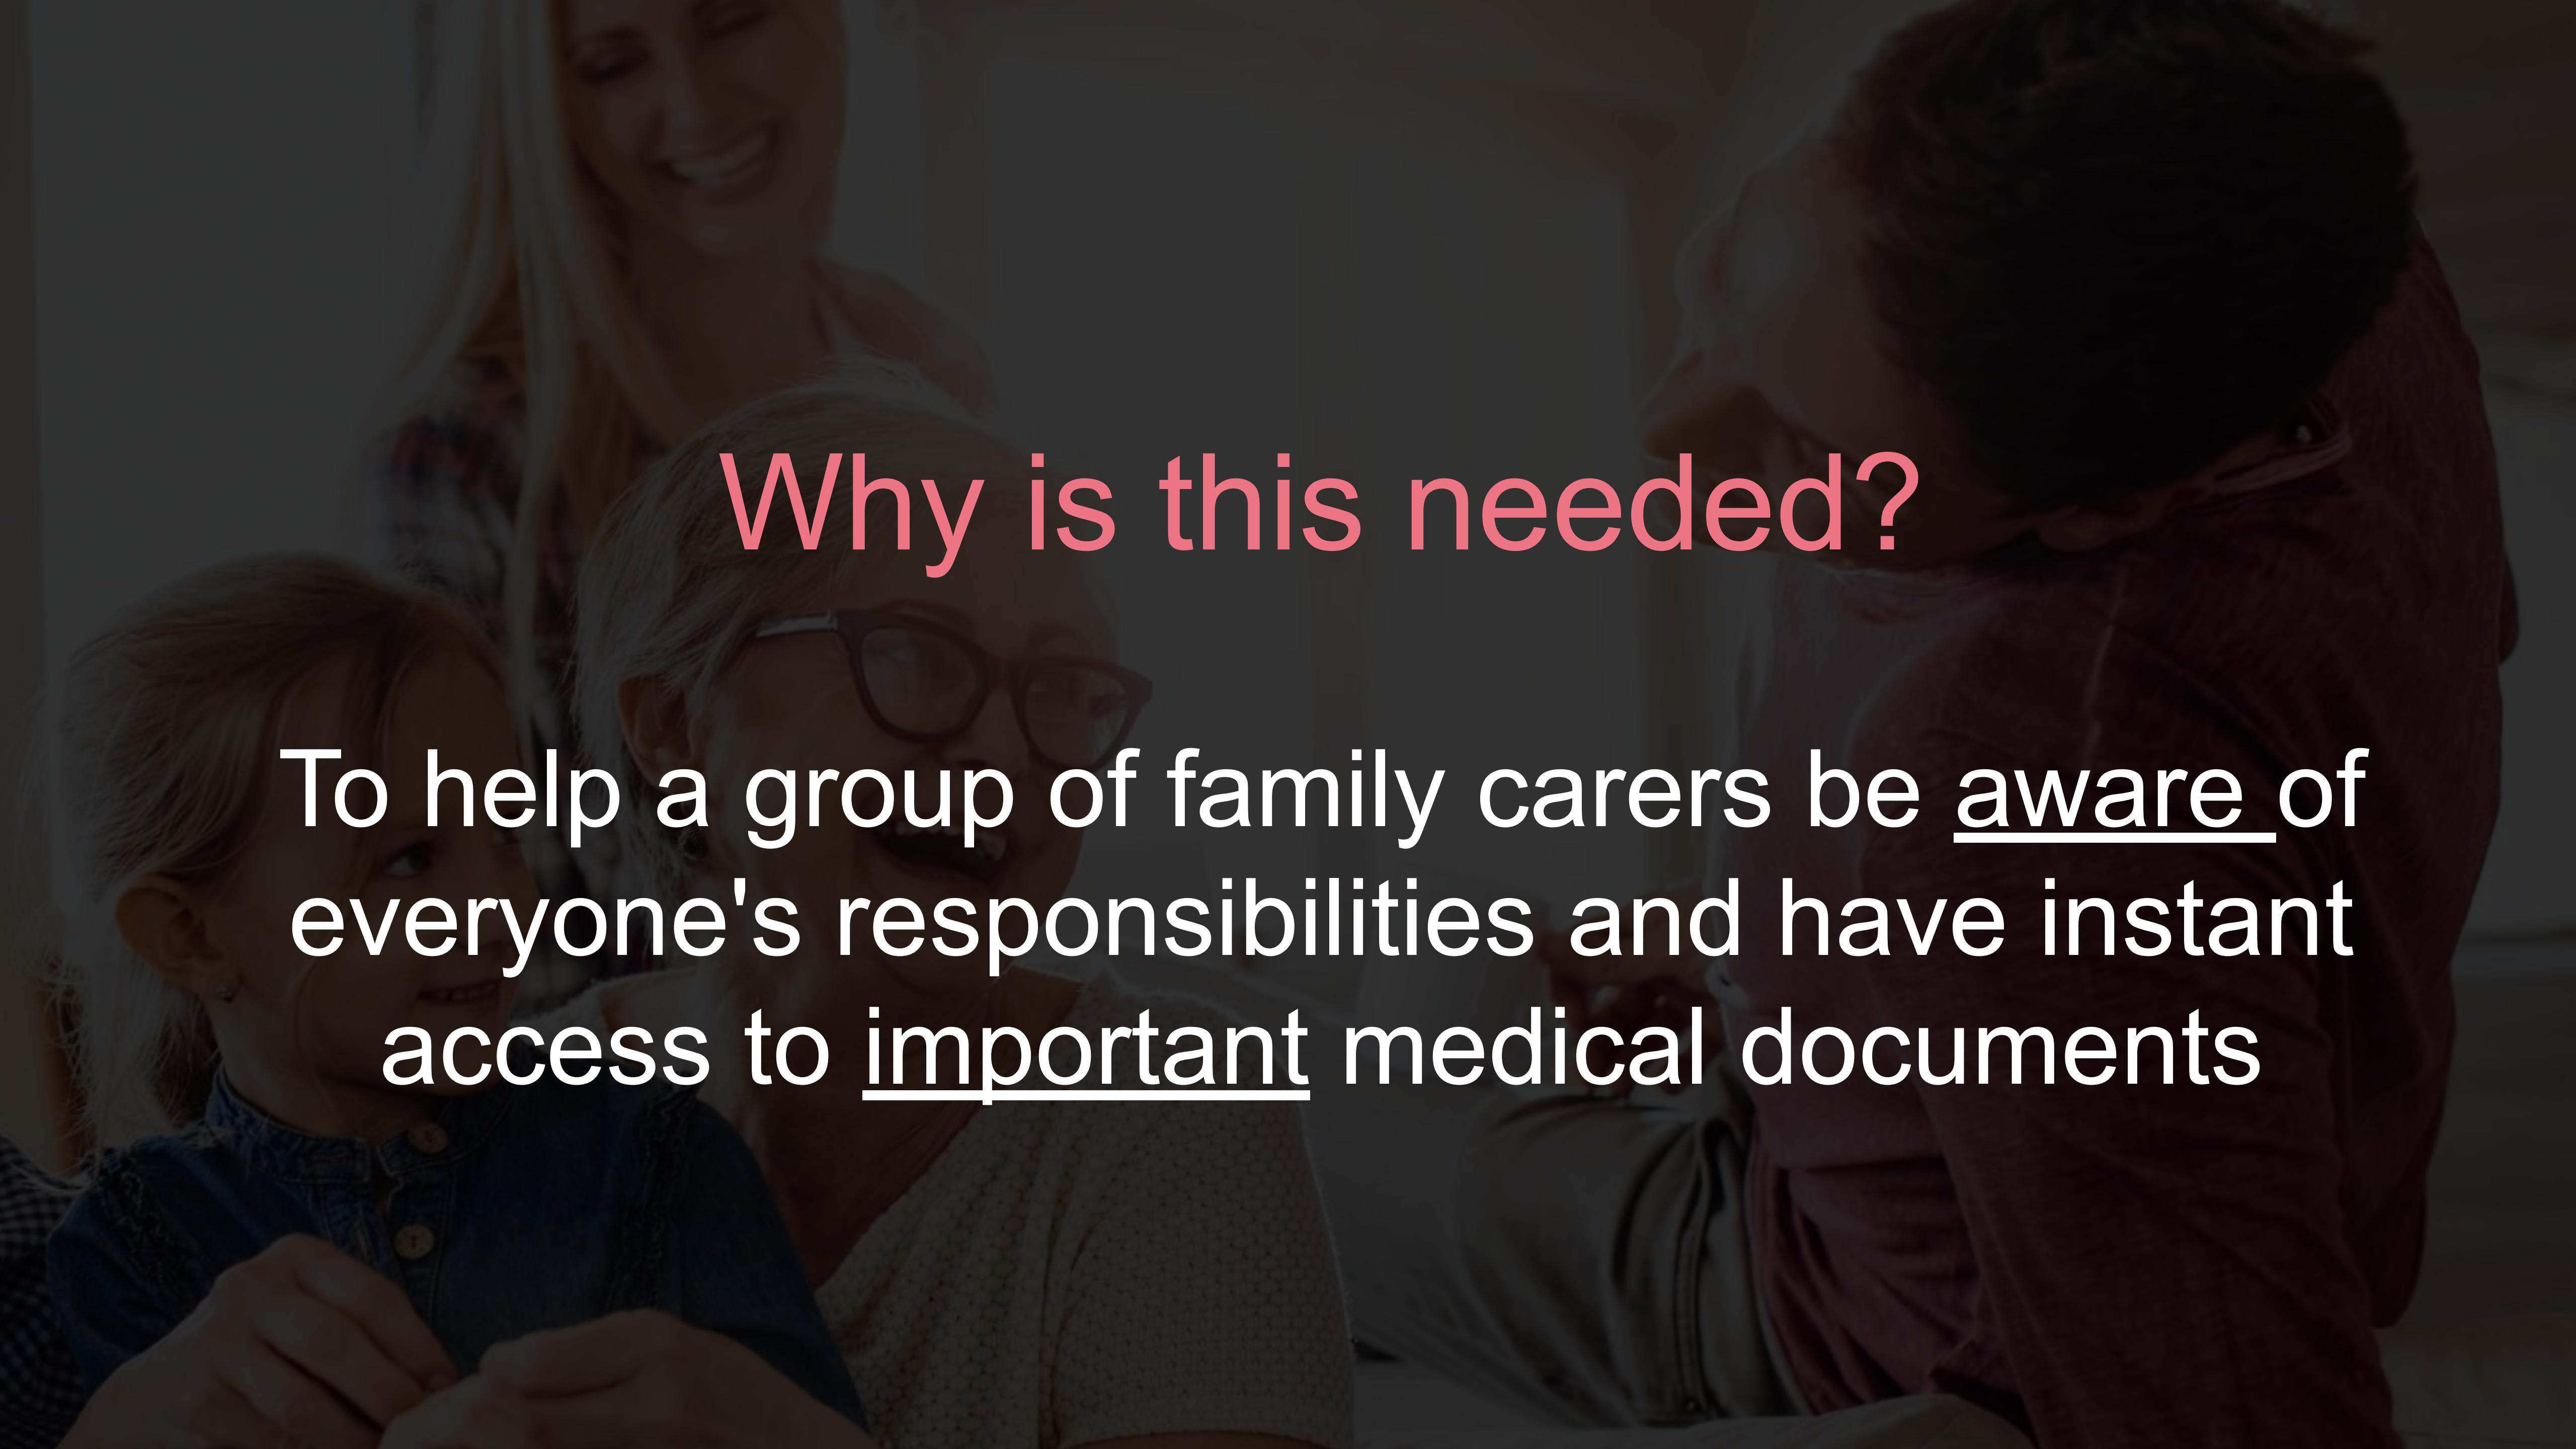

FamCare

Always caring

A photograph showing a group of people, likely family members, sitting together. In the foreground, a young girl with blonde hair and a denim jacket looks towards the camera with a smile. Behind her, an elderly woman with grey hair and glasses is also smiling. To the right, a person with dark hair is partially visible, looking down. The background is slightly blurred, suggesting an indoor setting.

Who is it for?

Family members who want to care and
support people in need

A photograph showing a group of people of various ages and ethnicities smiling and holding hands. They are dressed in casual clothing, including a woman in a denim jacket and a man in a grey sweater. The background is slightly blurred, focusing on the group's interaction.

Why is this needed?

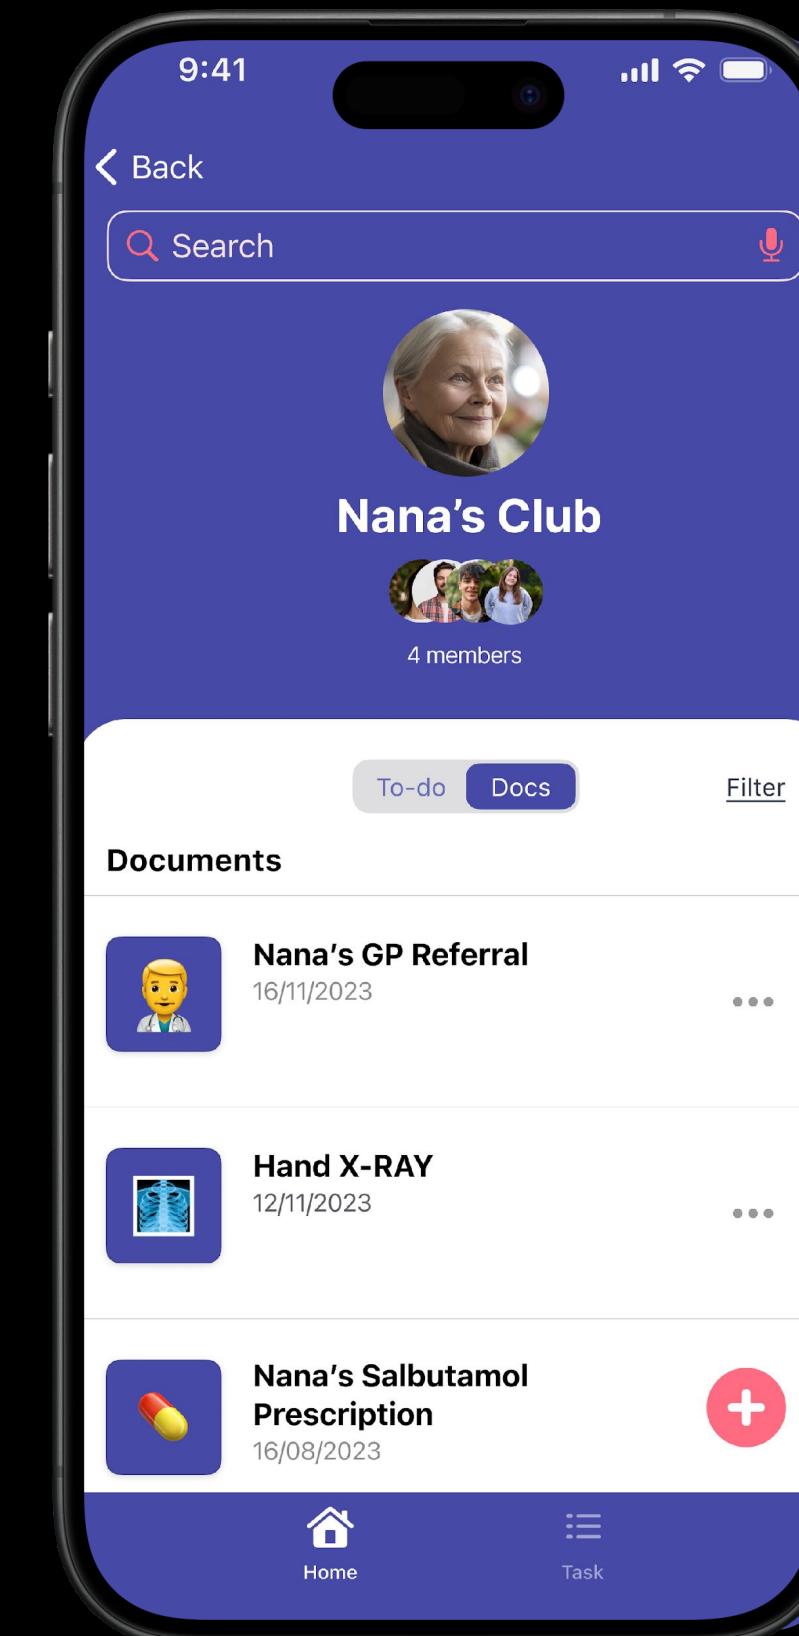

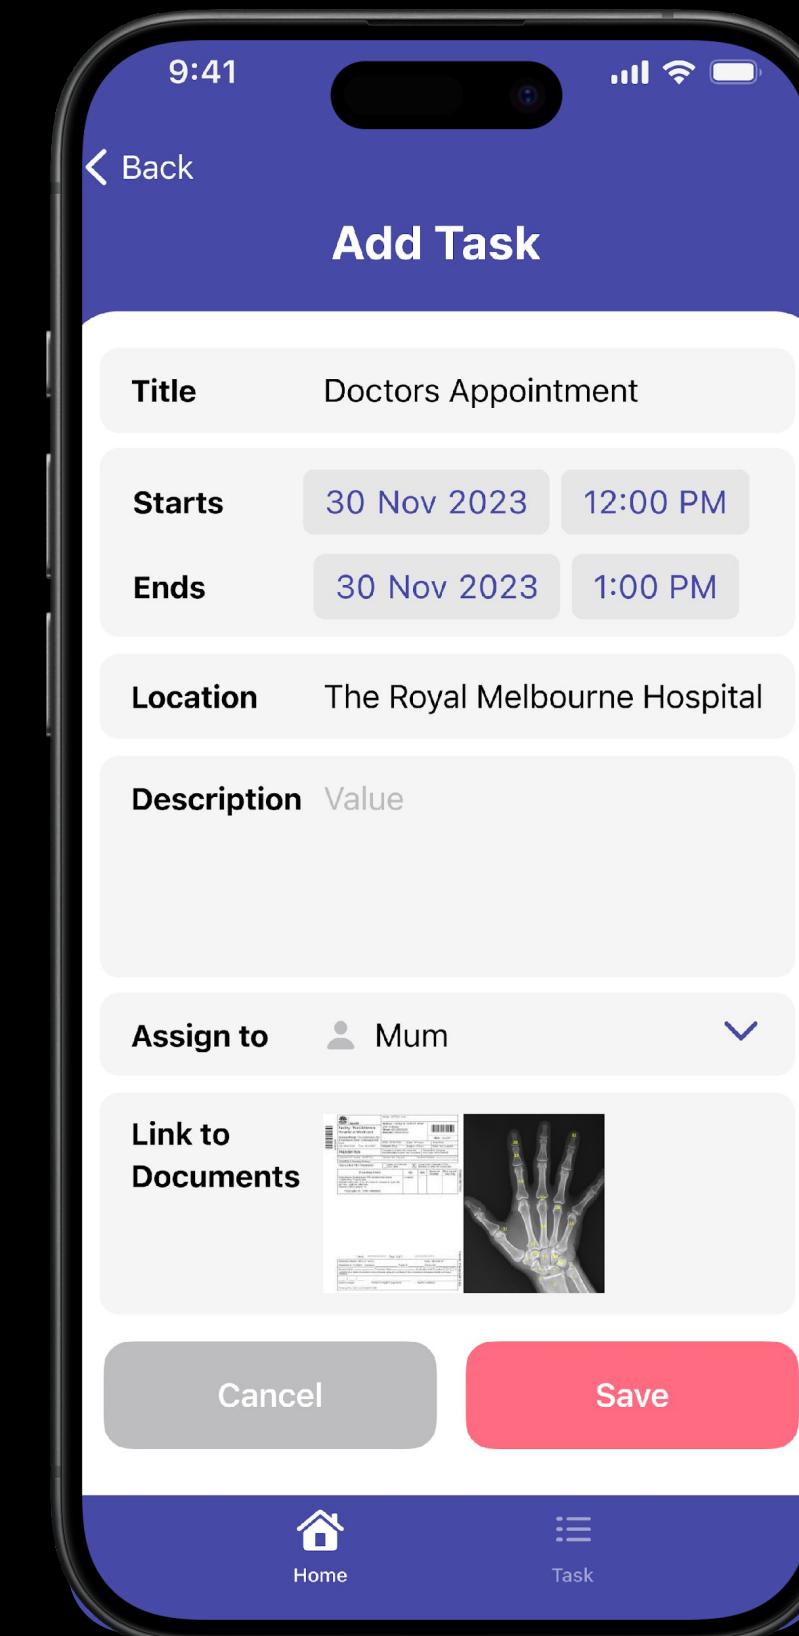

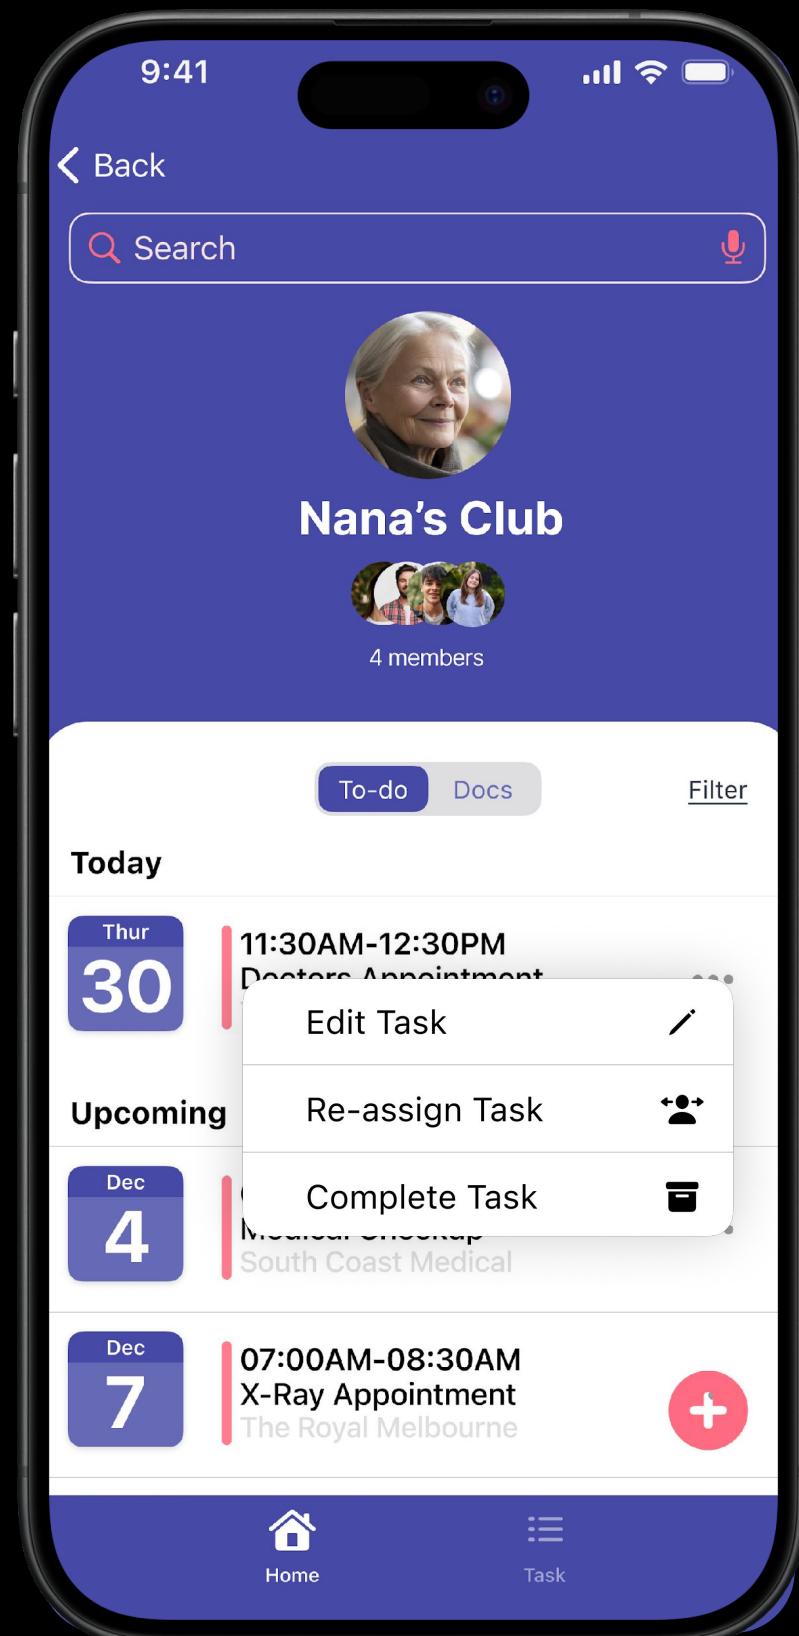

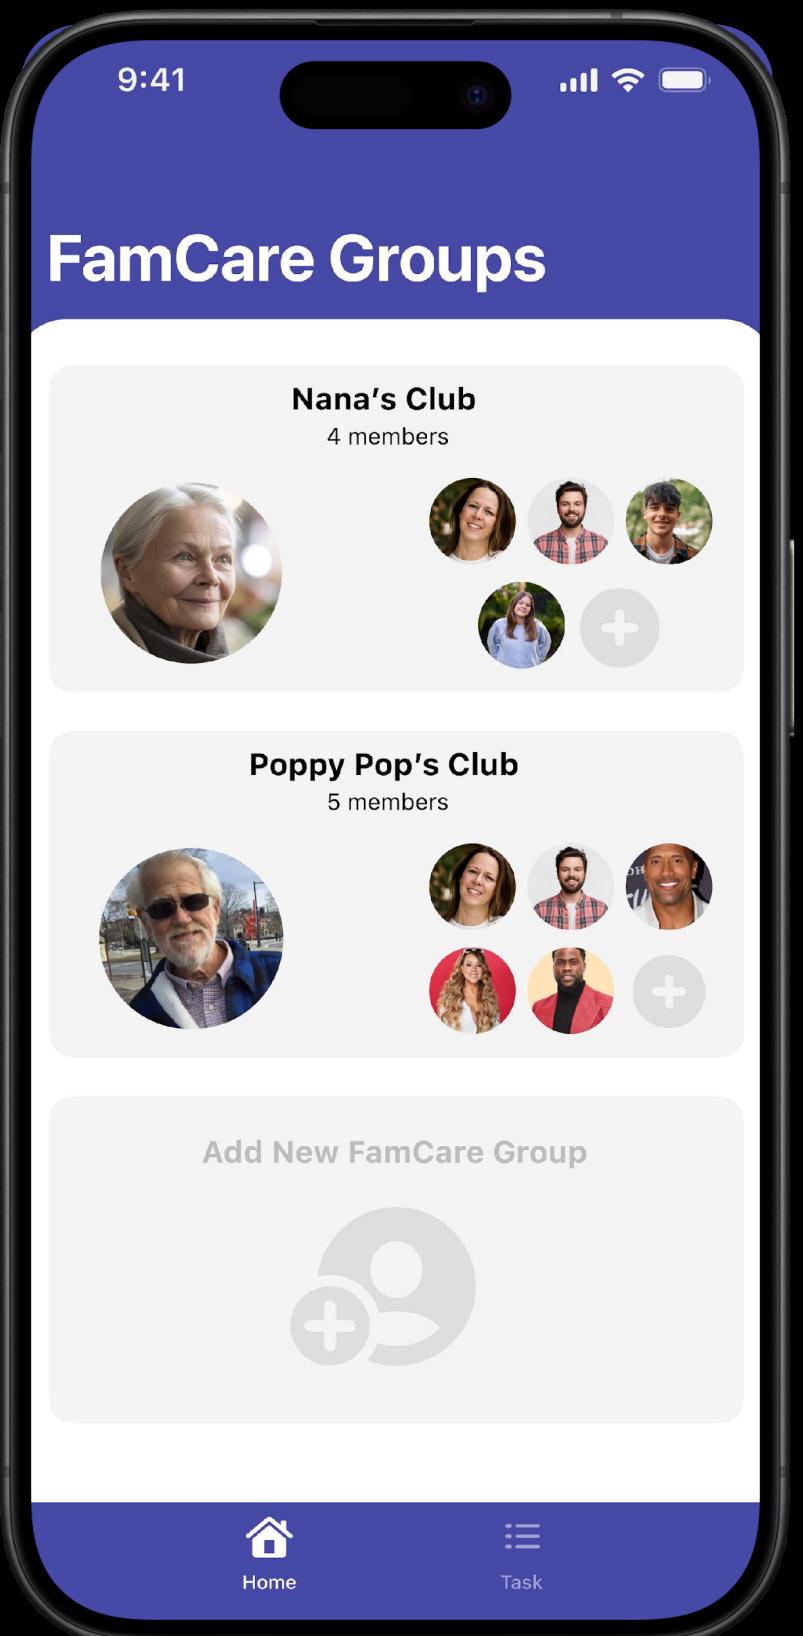

To help a group of family carers be aware of everyone's responsibilities and have instant access to important medical documents

A dark, semi-transparent background image showing a group of people, including children and adults, smiling and laughing together. They appear to be in a casual indoor setting.

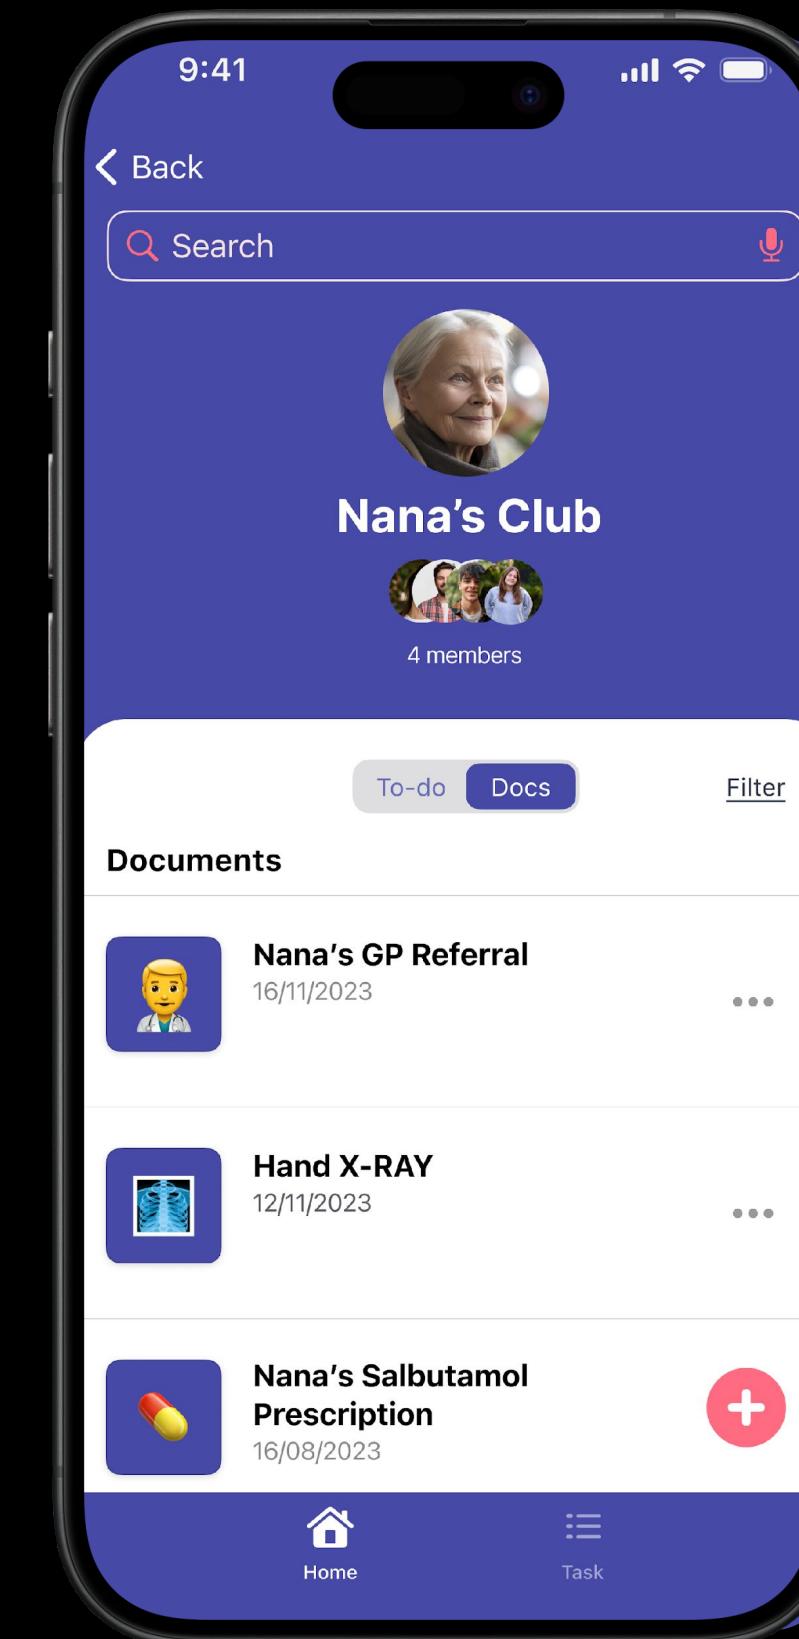

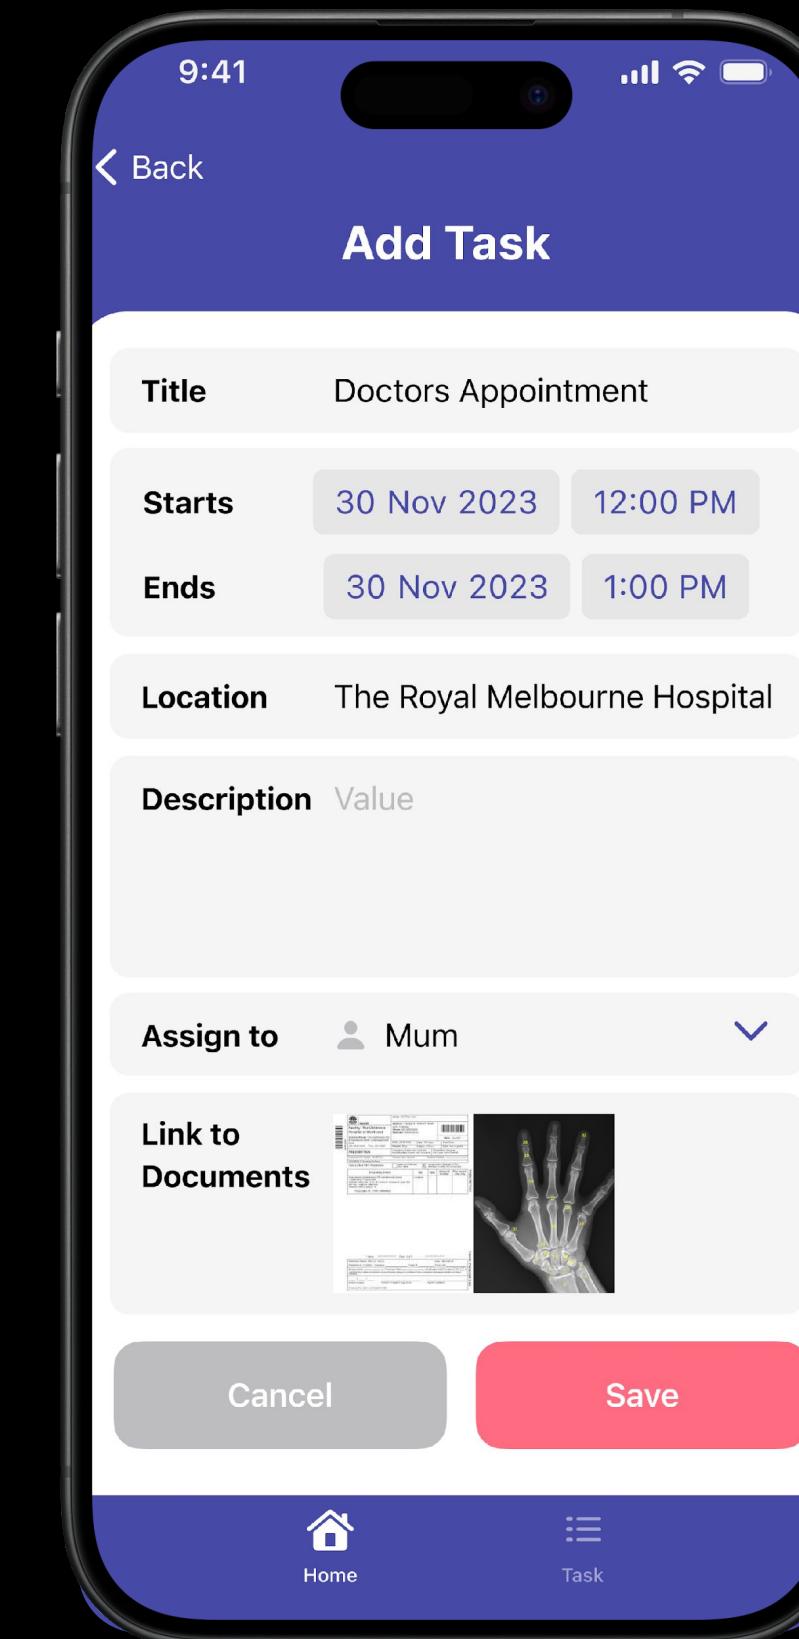

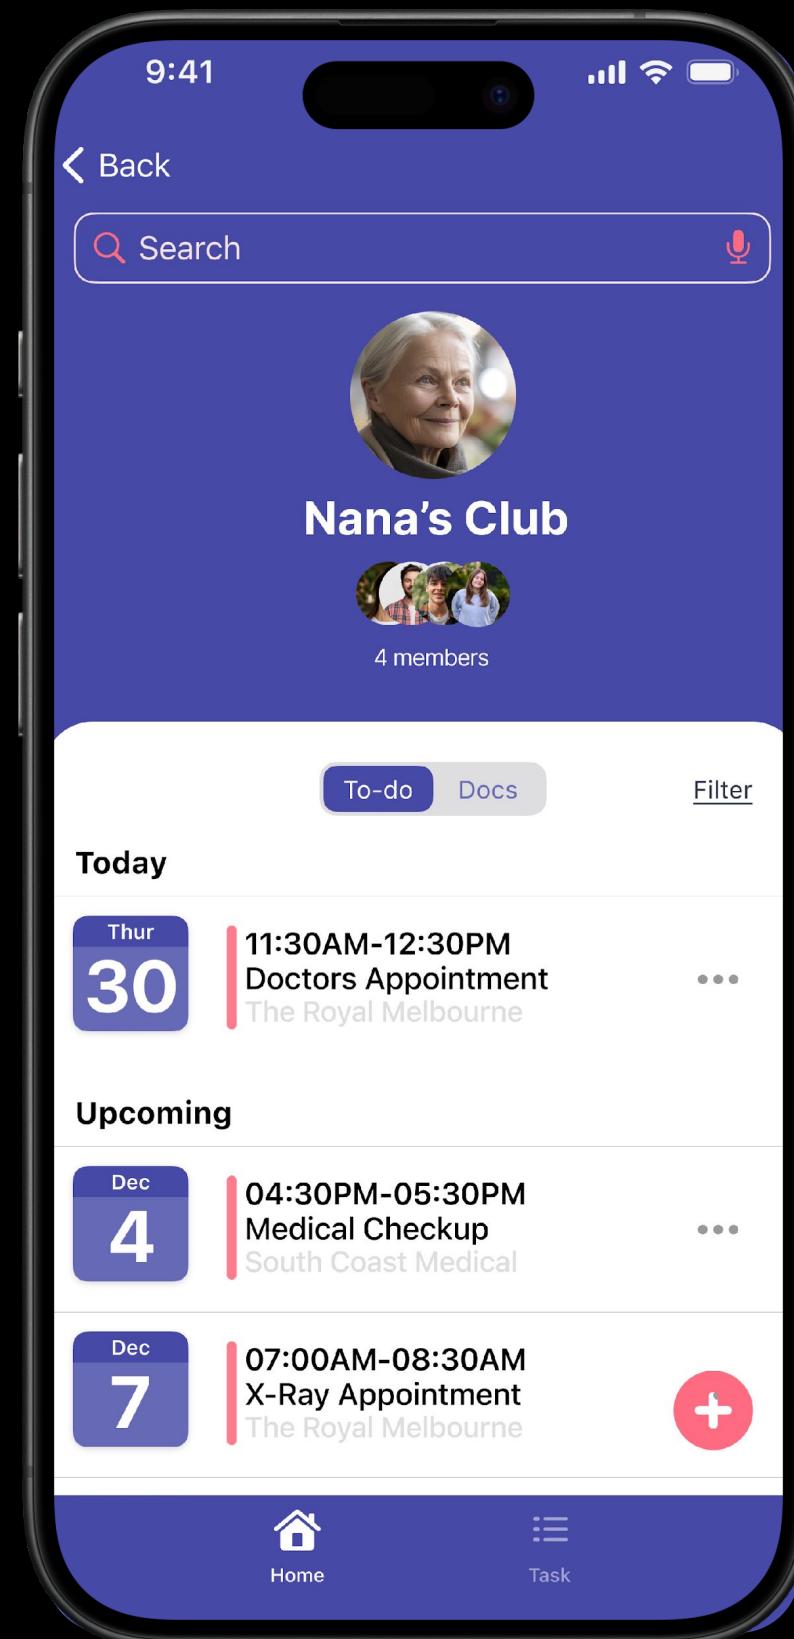

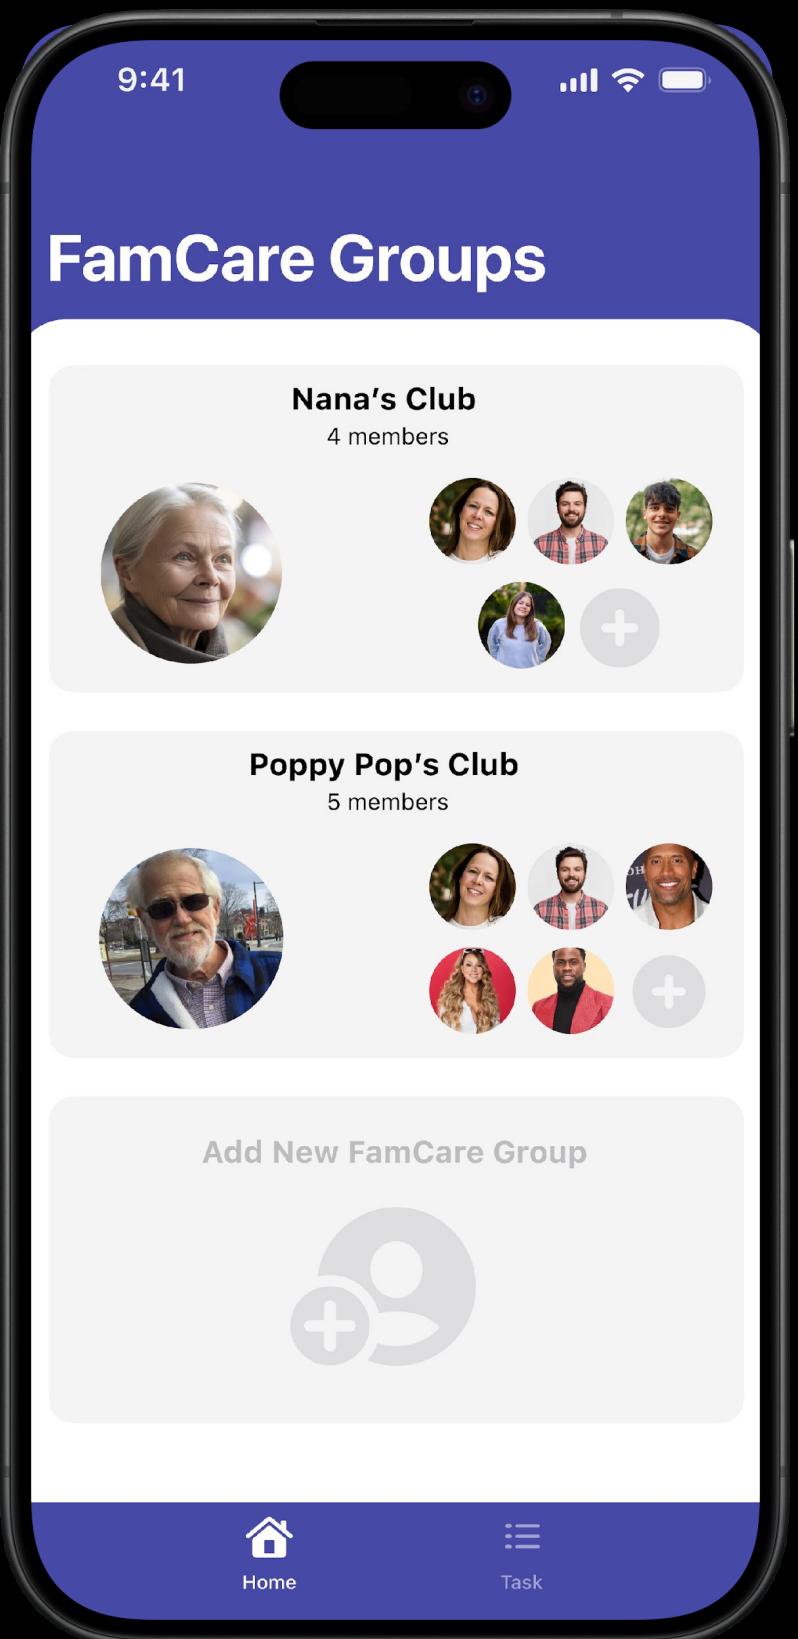

How are we going to do this?

To create a digital family log book with simple tasks and access to medical documents to help support loved ones

FamCare

Always caring!

What is the app about?

Is a platform which creates a digital family log book with simple tasks and gives access to medical documents to help support loved ones

What Problem did it try to solve?

Family members wanting to be aware of everyone's responsibilities and have access to important medical document when it comes to looking after a loved one

What Hard Skills We've learnt?

Swift, SwiftUI, Interfaces / UI/UX, Miro boards and prototype layouts

What Professional Skills we've learnt?

Storytelling, Creative Thinking, Design, Focus and Prioritising, Focused App Design, Project management, Team work
